### ***Grad Night***

***A Rite-of-Passage for Most High School Teenagers***

***Imagine 14 High School Seniors Locked in a Gym for Eight Hours...***

***What Could Possibly Go Wrong?***

***Stripped of Their Cell Phones, They Bare Their Souls To Each Other On The Very  
Last Night of High School***

***Fortunately, What Happens at Grad Night Stays At Grad Night...***

***Crazy4Love***, an evening of seamless drama, song and dance, is set from dusk to dawn during Grad Night, the “all bets are off” lockdown party for high school seniors that immediately follows graduation, with no rules, no parents, and no chaperones. Having survived and thrived after Covid, an Active Shooter episode, the #MeToo and Black Lives Matter movements, and the awakening of their sexuality identities and their political awareness, these Gen Zers are about to be unleashed into the universe – with plenty of questions and unknowns swirling through the air.

On this last night of high school, all the drama of the past four years ignites a firestorm of emotions. Hearts will be broken, romances ignited, secrets revealed, scores settled, and long-simmering rivalries will explode in non-stop song, dance and dialogue. Grad Night is everyone’s last chance to party together before leaving for the rest of their lives. The vibe is “Now is all that matters...”

***Crazy4Love*** relives those last magical, innocent moments of youth where romance and passion rule all.
